According to chart 2, programmer is the most popular job in this class. Illustrator is as popular as doctor. You should make efforts to make your great dreams true.

Some students haven't decided their dreams yet. That's not a problem. You still have many things that you haven't experienced. Your dream may change if you have new experiences. So, it is important to learn more.

Now, your task is to interview a person who has a job and write a report. You have to ask questions about the job, such as "Why have you chosen your job?" You'll make a presentation next week. I'm looking forward to it.

英語のホワイト先生 (Mr.White) が、授業で次の話をしました。話を聞いた葵(Aoi)さんは、ホワイト先生の話についてコメントを書きました。【ホワイト先生の話】【葵さんのコメント】を読んで、後の1から6までの各問いに答えなさい。

#### 【ホワイト先生の話】

Hello, everyone. What do you do on weekends? Do you play sports? Do you watch TV? I enjoy slow trips by bike. I am interested in local history, so I travel around many places in Shiga.

When I travel by bike, I sometimes experience interesting things. Now, I will talk about one of my experiences. Last month, I rode a bike to visit a small town. During the trip, I enjoyed the sight of mountains, rivers, and the town. They were beautiful. When I was going home, I found an old shrine and stopped to see it.

When I was looking at it, two people came and talked to me. They have lived near the shrine for more than sixty years. They told me about the history of the shrine and the town. I was happy to hear the story from the local people. It was a wonderful trip.

Through trips like this, I have found that traveling by bike has some good points. First, we can enjoy slow trips. When we find something interesting, we can easily stop and experience it. If you are lucky like me, you can [ ① ] during your trip. You can learn something new about local towns by talking with them. Second, using bikes is good for the environment. When I was riding a bike last month, I enjoyed beautiful nature. To protect such beautiful nature, I think bikes are good because they don't produce carbon dioxide, CO<sub>2</sub>.

By the way, do you know there are interesting services and events for cyclists in Shiga? For example, some areas have maps for cyclists. Some of the maps have information and pictures about popular spots and various routes for cyclists, and they show us how long it takes to reach each place. They are useful when we make plans for trips. (②), some areas have events like tours by bike. On some of these tours, we can travel around local towns and cities with a tour guide. The tour guide explains the places that we visit. These services and events make traveling by bike more exciting.

I hope you will [ ③ ] someday.

(注) cyclist(s):自転車に乗る人 route(s):ルート, 道筋

#### 【葵さんのコメント】

Slow trips by bike sound interesting. I want to try them with my friends someday. I see some cyclists like you in my town. I hope my town will become more comfortable for cyclists. When I heard your story, I remembered Amsterdam. I heard that the city has more bikes than people and many bikes are used in daily life. The city is safe for cyclists. For example, there are roads for riding bikes, and people cannot drive cars there. Thanks to these roads, cyclists can travel safely. That is an interesting idea. I hope we can get more ideas from other cities.

(注) Amsterdam:アムステルダム(オランダの首都)
